Gary:

We are reconciling the CB&I Vision Accounting System with RCMS. I hope you are doing well.

Leroy:

This may take me a little while to review because I have to figure out how to verify the increase in hours that you guys are posting to already approved hours prior to 10/31/15. I am not sure how Steve could have missed these labor charges with him charging 9+ hours per day. I am baffled. He even missed his own hours which makes me very skeptical.

Thanks

Gary Moore

Gary:

We are working through the reconciliation process. This 1900-55 removes hours after the POP. I have reviewed and approved. Please review, comment and let us know if we can go final.
